

Corrigendum

This is with reference to the advertisement on IARI web site regarding Walk in interview for the selection of JRF in the project entitled "**Exploring Heat-stable Rubisco activase from cereals for augmenting the activity of Rubisco in wheat (*Triticum aestivum* L.) under the heat stress**", on 30th October 2017 at Division of Biochemistry IARI, has been post-poned due to some administrative reasons. The next date of interview will be uploaded very soon.
