

## Capacity Building of Women farmers on Nutrition Linked Entrepreneurship Development in Jajuka village, Mewat District of Haryana

The Division of Agricultural Extension, ICAR-Indian Agricultural Research Institute (IARI), New Delhi organized a three days training programme on “Nutritional Security and Economic Empowerment of Women Farmers” under the UNDP funded project ‘Strengthening Agri-nutri linkage for enhancing nutritional security and empowering farm women in

Registration of participants

India: Leveraging Agriculture for Nutrition’ at village Jajuka, Mewat district of Haryana during August 29-31, 2018. A group of 50 rural women representing different Self Help Groups (SHGs) participated in the training programme which comprised three different sessions. The first

Entrepreneurial Motivational Training (EMT) through Tower Building exercise

day of the training programme started with registration and pretesting of knowledge of participants in the area of training to be delivered. Ice-breaking exercises and micro sessions on entrepreneurial motivation followed thereafter. The women farmers were made aware of good nutritional practices, cleanliness, hygiene and sanitation. An EMT exercise (Tower building) was conducted for entrepreneurial motivation of the woman farmers.

The second day of the training programme was devoted to hands on practical participatory demonstration on processing and value addition in pearl millet and soybean for household
