

A BRIEF WRITE-UP FOR BRAINSTORMING SESSION

The brainstorming session entitled 'Wheat Blast Disease: Threat in Asia & Our Preparedness' was organized by Division of Plant Pathology, ICAR-IARI, New Delhi on 27 June 2016. This brainstorming session was organized to discuss the global status of this emerging disease and to take stock of the challenges which we may face in case it comes to India. The session was chaired by Dr. S. Nagarajan, Ex-Director IARI, Ex- chairman, PPV & FR and presided by Dr. Ravinder Kaur, Director, ICAR-IARI. A selected group of leading wheat and rice scientists including scientists from CIMMYT Global Wheat Programme in South Asia participated in the deliberations.
