"Hands-on Training on Patent Drafting"

Organized by

IP Spectra, Zonal Technology Management &
Business Planning and Development (ZTM & BPD) Unit
ICAR—Indian Agricultural Research Institute
New Delhi- 110012

ABOUT IARI

Indian Agricultural Research Institute is the country's premier institute for agricultural research, education and extension. It has served the cause of science and society with distinction through first rate research, generation of appropriate technologies and development of human resources. The green revolution was born in the fields of IARI.

ABOUT ZTM & BPD Unit

The Zonal Technology Management and Business Planning & Development (ZTM & BPD) Unit connects public sector agri-technologies to the corporate world and assists medium and small enterprises (MSMEs) in a business mode giving due importance to the intellectual property management, commercialization and incubation. The aim is to encourage, protect, market and license the technologies developed by agricultural scientists to the industry with a focus on incubation process including Start-Ups and Farmer Producer Organizations (FPO).

ABOUT IP SPECTRA

IP Spectra an Intellectual Property Facilitation Centre has been established at ZTM & BPD Unit, ICAR-IARI, New Delhi for providing IP facilitation to agro-based MSMEs. The mission of IP Spectra is to create IPR awareness by conducting Awareness Camps and Training Programmes in parallel with providing IP services like Drafting and Filing Applications for Patent, Copyright, Trademark, Industrial Design, PPV&FR; Pre-grant and Post-grant Services, hand-holding support towards technology commercialization, Advisory Services, etc. for agro-based Start-ups & MSMEs.

For online payment, please mail at
ipspectra.iari@gmail.com for bank details

PROGRAMME OVERVIEW

The main aim of this workshop is to make participants aware of the step by step procedure for obtaining patents in India (National Phase and PCT Filing), different types of forms required, fees schedule etc.

PROGRAMME AGENDA

1. Introduction to IPR and Indian Patent System
2. Prior-Art Search with Exercises
3. Drafting of Patent Specification with Practical Exercises
4. Drafting of Claims with Practical Exercises
5. Responses to Examination Reports
6. Claims Interpretation with Practical Exercises

OUTCOME

Participants will be able to draft patent application themselves together with complete specifications and claims. Research Scholars, students, entrepreneurs, industry experts etc. will be able to protect their idea before start of their work simply by filing their patent application.
