

Training Programme on

Good Agricultural Practices (GAPs) for enhancing resource-use efficiency and farm productivity (February 14-27, 2017)

Sponsored by
INDIAN COUNCIL OF
AGRICULTURAL RESEARCH, NEW
DELHI

Course Director

Dr Vinod Kumar Singh, Head

Course Coordinators

Dr SS Rathore, Principal Scientist

Dr Anchal Dass, Senior Scientist

DIVISION OF AGRONOMY
ICAR-INDIAN AGRICULTURAL
RESEARCH INSTITUTE
NEW DELHI-110 012

Background

Good Agricultural Practices (GAPs) are the practices which enables the plant to respond for input use. In fact, GAPs ensure economic and social sustainability for on-farm processes and result in safe and quality food and non-food agricultural products. In the era of declining factor productivity and degradation of natural resource base of agricultural production system, there is an urgent need to develop GAPs. The transfer of GAPs to the farmers' field is the only option to achieve the goal of sustainable use of natural and man-made resources. This will also help in enhancing sustainable agricultural productivity on long-term basis. The present training on GAPs includes almost every aspect of farm operations for efficient use of farm resources. The better understanding of these practices will led to quality outcome from field operations in terms of high productivity and high resource-use efficiency.

Course Content

The course is consisted of all aspects of the good agricultural practices pertaining to agriculture and allied activities. Keeping focus on the sustainable crop production, suitable good agricultural practices right from

field preparation to harvesting and storage will be discussed. Lectures are framed on the different topics ranging from basic to advance good agricultural practices. Deliberation will be made on different aspects of GAPs including the main issues and opportunities for Indian Agriculture, present status of good agricultural practices in India, practical aspects of seed and sowing seed priming precision planting techniques using improved farm machinery, GAPs for direct seeded rice cultivation, GAPs for zero-till wheat and other crops, residue management options for higher yield and profits, efficient nutrient and management options for higher efficiency in different cropping systems, the participants will be exposed to modern tools like Nutrient-Expert based fertilizer application in rice, wheat and maize. Also, for precision input delivery up to end-users, live demonstrations, field visits, integrated farming systems for sustainable livelihood security will be the major focus of the training.

Training objectives

- To impart training on good agricultural practices for enhancing productivity and profitability
- To provide practical orientation of advanced tools and techniques used for efficient crop management.

Course duration: February 14-27, 2017

Eligibility

The technical staff of ICAR institutes are eligible for participation for the good agricultural practice training programme. All the application must be routed through proper channel. The total number of participants will be restricted to 25. There is no course fee charged to participants. But the TA/DA will be borne by the host institute of the participant.

Boarding and Lodging

There is limited facility of accommodation in the guest house within the campus due to preoccupied programme. The participants are requested to please explore their own arrangement for stay. Working lunch and refreshment will be provided as per the ICAR guidelines.

IMPORTANT DATES

- Last date of receipt of application : 20 January, 2017
- Intimation of Selection : 25 January, 2017
- Confirmation of participation by candidates: 30 January, 2017

How to reach

Indian Agricultural Research Institute popularly known as "Pusa Institute" is located at Pusa in East Patel Nagar about 10 km from Maharana Pratap ISBT, 8 km west of New Delhi Railway Station and about 16 km east of Indira Gandhi International Airport. Pre - paid taxi/auto can be available at railway /airport/bus stations to reach at IARI, Pusa Campus, New Delhi.
