- 1. Farmers' income to be doubled in 5 years**
- 2. Prime Minister Fasal Bima Yojana:** Prime Minister Fasal Bima Yojana has been implemented across India after removing discrepancies in insurance schemes. This is biggest ever government assistance in crop insurance. Henceforth, it will be one season-one rate for grains, pulses, oilseeds. Relief from crop-wise and district-wise different rates.
- 3. Prime Minister Krishi Sinchayee Yojana:** This scheme has been introduced with the aim of delivering water to every field. Permanent relief from drought.
- 4. Soil Health Card:** Soil health cards will be provided to all 14 crore farmers with the aim to encourage the use of appropriate amount of nutrients for crop production and for maintaining soil health and improving fertility.
- 5. Organic farming:** Purpose is to increase soil fertility and yield by the use of organic waste.
- 6. Pulses and oilseeds production:** Aim is to make country self-sufficient in pulses and oilseeds productions.
- 7. Neem Coated Urea:** Only neem coated urea to be available in country, to prevent its misuse.
- 8. National Agricultural Market (eNAM):** With a goal to develop single agriculture market in country which will give farmers best value for their produce.
- 9. Mobile App:** Four mobile apps have been developed for farmers: **Kisan Suvidha, Pusa Krishi, Agri Market, Fasal Bima**. These can be downloaded from [mkisan.gov.in](http://mkisan.gov.in) as well as from Google Play Store.
- 10. Disaster Relief:** Change in norms- earlier the compensation was given only on 50% of crop loss, now even for 33% crop loss compensation can be claimed. Compensation amount has been increased one and half times.
