

ONE DAY WORKSHOP ON

# IARI SDG Strategies: A Strength-based Approach

18 NOVEMBER 2024

with

## Dr. Jen Dollin

Director, Sustainability Education & Partnerships  
Western Sydney University, Australia

Jen is the Director of Sustainable Education & Partnerships at Western Sydney University, Australia. With a professional background in corporate finance, environmental economics, and policy development, Jen oversees various sustainability education and curriculum initiatives at Western Sydney University. Her work is closely aligned with the United Nations University Institute of Advanced Sustainability, focusing on grassroots implementation of the Sustainable Development Goals 2030. Under her dynamic leadership, Western Sydney University has been adjudged first in Times Higher Education (THE) rankings for SDG commitment for three years in a row, from 2022-2024. Jen holds a PhD in multispecies ethnography, exploring the relationships between rivers and freshwater eels.
