

SERB-DST KARYASHALA

A High-end workshop on “Next generation molecular tools for accelerating the breeding efficiency in horticultural crops”.

ABOUT WORKSHOP

Focused training on molecular breeding tools and techniques on horticultural crops.

ABOUT US

The Indian Agricultural Research Institute (IARI) is the country's premier institution for agricultural research, education and extension. IARI being the seat of the Green Revolution, serving the cause of science and society with distinction through basic research, generation of appropriate technologies and development of human resources.

<https://www.iari.res.in/>

OBJECTIVE

To impart knowledge, skill and hands-on -training to the students via exposing them to the Next generation molecular tools for molecular biology and biochemical instrumentation techniques.

ELIGIBILITY

Enrolled PhD, PG students having strong willingness to get excellence in their scientific research pursuits. A total of 25 candidates will be selected for this course. The selection of the candidates will be made by a screening Committee as per the available guidelines of the SERB.

Registration and Fees

Workshop is sponsored by DST-SERB accelerated vigyan scheme and registration is free of cost.

Important Dates

Workshop Schedule: 03-10 Oct, 2023

Last date to Apply: 10th Sep, 2023
