ZTM & BPD Unit, in collaboration with the Division of Seed Science and Technology, ICAR-IARI, is organizing an Agripreneurship Development Program (ADP) titled '*From Seed to Storage: Ensuring Quality in Field and Vegetable Crops*' from 22nd to 27th September 2025.

Objective:

- To strengthen the skills and knowledge of officers, executives and managers in the area of quality seed production.
- To demonstrate the various seed testing methods including field and lab based for seed quality assurance.
- To bring awareness about the opportunities and challenges in seed certification and quality control.
- To bring an understanding of post-harvest handling and management of seed lots.

Outcomes of Training:

The training programme on seed production, testing and storage is designed to provide in-depth knowledge in quality seed production to personnel who are involved in seed production, quality control programme

and stakeholders of seed industry. The training programme will build capacity of the participants on the areas related to seed production, processing, testing, certification and quality control.

Mentors:

Course Director: Dr. Gyan P. Mishra, Head, Division of Seed Science and Technology, ICAR-IARI, New Delhi

Course Co-Director: Dr. Akriti Sharma, Incharge & Scientist (Sr. Scale), ZTM & BPD unit, ICAR-IARI, New Delhi, India.

Course Coordinator: Dr. Nagamani Sandra, Senior Scientist, Division of Seed Science and Technology.

Dr. Manjunath Prasad, Scientist (Sr. Scale), Division of Seed Science and Technology

Who can apply?

The participants who have good command of the language (reading, writing and speaking) in English and Hindi can participate in the training program.
